

ENVIRONMENTAL POLICY

Comgroup Supplies Pty Ltd conducts operations in a manner that allows for ecologically sustainable development. In accordance with this policy, we also comply with the environmental laws set in the *Environmental Protection Act 1994; Environmental Protection Regulation 2019; Environmental Protection (Air) Policy 2019; Environmental Protection (Noise) Policy 2019* and the *Environmental Protection (Water and Wetland Biodiversity) Policy 2019*.

This generalised policy encompasses the business activities that contribute to the environmental performance of the business, these activities are but not limited to:

- Storage and use of hazardous chemicals
- Chemical spill response
- Noise pollution
- Waste disposal
- Air pollution
- Water treatment

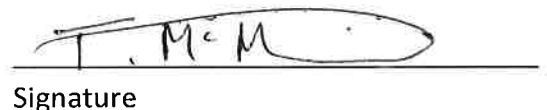

At Comgroup Supplies Pty Ltd, we do this by:

- Complying with applicable environmental laws; regulations and policies set by QLD Government
- Eliminating or minimizing to the maximum practical extent the release of contaminants into the environment
- Effectively communicate with workers; suppliers; regulators; appropriate external parties and customers regarding environmental performance and any improvements that may be necessary
- Periodically review and implement improvement to the facilities environmental procedures relating to its activities, products and services
- Complying with the Environmental Management Plan and procedures
- Ensure other company policies relating to environmental procedures are being followed to ensure compliance with relevant government acts; regulations and policies
