

FORKLIFT TRAFFIC MANAGEMENT POLICY

Comgroup Supplies Pty Ltd endeavours to provide a safe working environment for all workers and members of the public. Working in conjunction with the Work Health and Safety Policy, we aim to eliminate any potential forklift emergencies, along with any preventative measures prior to emergencies.

Management will uphold compliance by:

- Ensuring all workers have completed training and have the relevant qualifications to operate a forklift safely
- Consult and provide information and training to workers and members of the public to enable them to work safely
- Providing any necessary PPE required in the operation of forklifts
- Identifying any risks associated with forklifts and notifying the People and Safety team to minimise the risk as much as reasonably practicable

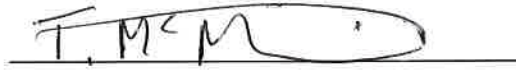

Workers will uphold compliance by:

- Ensuring they follow direction from management regarding any changes to any systems in place to make the workplace safer
- Actively participate in any training required for the role
- Staying up to date with any requirements regarding the qualifications and licensing required in operating a forklift
